

COVID-19 Update

Our hearts are with everyone as we all try to navigate through this challenging time. When it comes to our business, rest assured, the **safety of our customers, our employees & our community comes first.**

In pursuant to the order sent by the State of Colorado Department of Public Health & Environment, Egress, Inc is part of the construction industry which is considered essential infrastructure. Additionally, due to the fact that we have very limited interaction with the public, work in small groups and much of our work takes place outside, we are considered low risk. As such, we are able to continue offering our egress window, window well, replacement window and water mitigation services.

We have enacted additional measures to ensure proper social distancing, cleaning & sanitizing and will also continue to follow the CDC, WHO & local guidelines, as well as monitor the constantly changing recommendations. In compliance with the state's 50% reduced workforce, we have cut our office staff and have new hours of operation: Monday–Thursday, 9:00am – 4:00pm and Fridays 9:00am-3:00pm. Feel free to call us at 303.438.6888 or e-mail us answers@egressinc.net

As a small business, it is important for us to be able to operate as normal for our customers, our employees & their families and ourselves, as long as we can.

We appreciate the opportunity to be of service to you!

May you and your loved ones be safe and well –

*Jim & Lorelee Dischner
& the Entire Egress, Inc Team*
